Assistive Technology for Qualified Academic Support Plan Students

We are very pleased to be able to provide this assistive technology for select qualified students. As available, classroom novels will be downloaded for you. Please be aware not all e-books are "Text-to Speech Enabled," which allows the student to listen to the book.

When selecting AR books, please:

- ✓ Check availability of the e-book from Amazon.com
- ✓ Ensure that the Text-to-Speech option is **Enabled** (this is indicated under the title of the book)
- ✓ Work with your child with regard to appropriate content. Amazon.com provides a summary of the e-book and for many titles you also have the option of downloading a sample (first few chapters) for free on to your PC.

To request an e-book please complete and send in to the school office
Attn: Mrs. Knox

Student Name _____ Grade _____

Title: _____

Author: _____

Text-to-Speech Enabled YES NO

Title approved by the classroom teacher _____
Classroom teacher's signature

I approved this book for my child and am requesting that it be purchased and downloaded for the purpose of completing my child's AR requirement.
