URGENT VOLUNTEERING NEEDS

The cafeteria is looking for parents to give one lunch period a month helping to serve lunch to our students. If you are able to volunteer, please contact Peggy Hoffman (phoffman3@cdeducation.org) Cafeteria Manager . It is imperative that we have enough volunteers to operate an efficient lunch period.

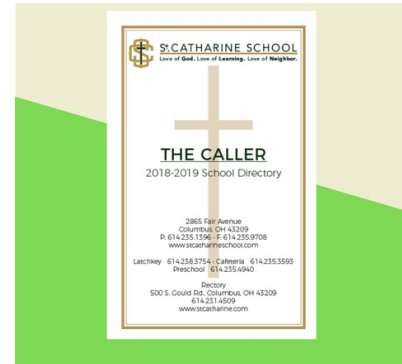

Playground Duty - We are always looking for parents or grandparents to help monitor indoor or outdoor recess from 11am to 12am. Please consider giving one hour a month. Contact Sarah Gipe (sgipe@kkg.org) if you are interested. Younger siblings are welcome for playground duty.

Families are required to contribute to our school by sharing their time and talent. Each family is required to volunteer 50 hours a year. To volunteer you will need to attend a Protecting God's Children course and have your fingerprints on file.

HOME & SCHOOL

Advertising in The Caller

Every year St. Catharine Home & School provides The Caller to each family in our school and preschool. To help offset the cost of printing we offer space to advertise your business or service. If you are interested, click on this paragraph for an advertising form.

CAP - Creative Activities Program

Creative Activities Program (CAP) is in need of volunteers to help lead clubs for the fall sessions. Clubs are open to grades 1-8 and one day a week after school from approximately 3:00 to 4:00. The fall session dates are from Oct. 7 to Nov. 15. Please consider giving an hour per week on the day of your choice to lead a club. This would be a great way to earn volunteer hours and can be anything from Legos to gardening to science club. I am happy to help with any ideas and materials to get your club started. We also will reimburse you for all materials used. Our students really enjoy participating in after school clubs but it is essential for parent involvement to keep these clubs going. Please contact Jasmine Williams at Jasmine.williams03@gmail.com by Sept. 27 if you are interested. Potential ideas: Archery, Board games, Dodgeball, Lego (CAP has a large collection of Legos for use), Puzzles, Rocket Building/STEM, Sewing
